RE: Proposed meeting in Rochester, NY regarding NYRI

Dear Secretary Bodman:

As realtors in the Utica, NY area where the power line is proposed, we appeal to you to understand what an extreme effect these power lines would have on an area that has already been decimated by loss of ALL of our major employers over the past 20 years.

This power line is proposed to run right through the center of TOTALLY residential neighborhoods! Make a visit here and see for yourself!

We are aware on a daily basis the negative effect of external factors on the salability of residential properties, and power lines are one of the MOST HARMFUL of all.

PLEASE—WE APPEAL TO YOU TO CONSIDER THE LITTLE PEOPLE, NOT THE SPECIAL INTEREST GROUPS.

Why not consider windmills? We have lots of vacant land for that.

Sincerely,

RE/MAX Realty Results
